Statement pursuant to Section 102 of the Companies Act, 2013 and Rule 22 of the Companies (Management and Administration) Rules, 2014

The Board of Directors at its meeting held on September 18, 2014 had constituted a Strategy Committee to evaluate the opportunities in non-core businesses of the Company including shipping business.

The Company owns and operates five (5) ships/ vessels and is engaged in transportation of crude oil / petroleum products. The ships/ vessels performed fairly well until 2009-10. Following the global financial crisis, the tanker freight markets turned negative in view of global recession. Although the current scenario seems to be stable, the outlook for shipping division is only seen as moderate in the mid-term and not very positive in the long term.

The Board of Directors has approved setting up of Brown field Ammonia-Urea project at Gadepan ("**Gadepan – III Project**") at an approximate cost of USD 900 Million. The Company would be required to meet part of the cost of Gadepan – III Project through its own sources. Apart from internal accruals, monetization of non-core assets is one of the options available for part funding of Gadepan –III Project.

Based on the recommendations of the Strategy Committee and Audit Committee and considering the long term shipping business outlook and the requirement of funds for Gadepan – III Project, the Board of Directors at its meeting held on December 22, 2015 granted its in-principal approval for sale / disposal of one or more than one or all five (5) ships / vessels or the entire shipping undertaking / business of the Company and recommended the shareholders to authorize the Board of Directors in this regard.

In terms of Section 180(1)(a) of the Companies Act, 2013, approval of the shareholders is required by way of a special resolution for sale of one or more than one or all five (5) ships / vessels or the entire shipping business / undertaking of the Company. In terms of Section 110 read with Rule 22 of the Companies (Management and Administration) Rules, 2014 such approval is required to be taken through postal ballot.

The value of ships is very volatile and may change over a period of time. Sometimes, there is a very small window of time for concluding the transaction. The minimum sale consideration mentioned in the resolution has been determined by the Board of Directors based on the recommendations of the Strategy Committee and the Audit Committee after keeping margin for decline in the value of ships / vessels in view of nature of assets and market conditions. In the event of decline in the market value of ships / vessels, the Company may have to dispose-off one or more than one or all five (5) ships / vessels or the entire shipping business/ undertaking of the Company at the sale consideration lower than the minimum sale consideration specified in the resolution. Thus, the Board of Directors should also be authorized to approve the transaction(s) at sale consideration lower than the minimum sale consideration specified in the resolution, based on the recommendations of the Audit Committee which may recommend such a course of action if the market conditions and offers received from third parties so warrant.

None of the directors or key managerial personnel and their relatives is concerned or interested, financially or otherwise, in the resolution.

The Board commends the special resolution for your approval.

Notes:

1. The Board of Directors of the Company has appointed Mr. Manish Gupta, Partner of RMG & Associates, Company Secretaries, in whole time practice with Membership No. FCS 5123 and Certificate of Practice No. 4095 for conducting the postal ballot process in a fair and transparent manner.
